Description

The existing rule was promulgated in 1980. Since 1980, Knauf modified its equipment listed in 326 IAC 11-4-5. Knauf Fiber Glass formally requested that the department update equipment names and remove references to ovens no longer in existence so that the rule would reflect Knauf's current operations.

"Line 204 oven, forming, and furnace" has been renamed "Line 605 oven, forming, and furnace". The following ovens would be deleted from the rule: 203, 304, 1101, 1102, 1103, 1104, 1110, 1111. The 203 furnace and 203 forming would also be deleted from this rule.
